Liverpool Everyman Theatre
Thurs 23 June 2016,
10.30am–12.30pm & 1.30pm–3:30pm

Tickets: £7.50 +VAT – teachers are FREE.
 The Everyman Theatre, postcode L1 9BH, is less than ten minutes walk from Liverpool Lime Street station

Inspire your Year 9s and 10s – even the ones who don't love maths – with a lecture show featuring some of the country's most entertaining maths speakers.

Do your students wonder what's the point of algebra? Who on earth needs trigonometry? And who cares about exponentials?

In this highly engaging and interactive show Matt Parker, Hannah Fry and Ben Sparks (plus special guest) explain why there is actually a point to the maths your students have been studying this year. This is a maths show like your students have never seen before, with games, puzzles, surprises and a few laughs thrown in.

These shows are a joint venture between Maths Inspiration and The Further Maths Support Programme.

Matt Parker is known as the 'stand-up mathematician' and is the only person to hold the prestigious title of London Mathematical Society Popular Lecturer while simultaneously having a sold-out comedy show at the Edinburgh Festival Fringe. A regular on *Numberphile*, Matt is always keen to mix his two passions of mathematics and stand-up as well as presenting TV and radio shows.

Hannah Fry is a mathematician at University College London (or 'Mathmo at UCL' for short) as well as being an author and science presenter. You can find her on YouTube, TV and radio sharing her love of applied mathematics and exploring the patterns it reveals in our human behaviour.

Ben Sparks is a mathematician and busker who travels the country demonstrating the beauty of maths and occasionally singing about it. He's based at University of Bath and gets surprisingly passionate about imaginary numbers (look them up . . .).

GUEST SPEAKER At each show, the second half will feature a guest speaker who has applied maths in an interesting way. To find out more, visit our website or join us on Twitter for news and updates.

All prices include VAT (our VAT number is 547 9272 06). You can find out more details on our website www.mathsinspiration.com

Booking form: Liverpool 23 June 2016 Please complete and return this form to:
Maths Inspiration, 18 Colwell Road, London SE22 8QP

BOOKING
 You can provisionally book seats by e-mailing sarah@mathsinspiration.com or by telephoning Sarah Cooper on **01483 527712** with your name, school, the event, time of show and the number of seats you would like. We only accept bookings from schools or colleges.
 To confirm your booking, you need to send your booking form and cheque to us within three weeks of the date that you receive confirmation of your provisional booking. You may also pay by BACS (we can send you a VAT invoice). For full terms and conditions and details of all talks and venues visit our website.
